

Energy Scamp

Paediatric MYO **Electric** Hand

RSLSTEPPER are pleased to announce the latest addition to their electric hand range - The Energy SCAMP. This new product uses the latest design technologies to improve performance by over 80%. This improved performance means that for most children one battery should last all day!

- Usage time extended by over 80% compared to previous model.
- SMART Technology Power Conditioning - to extend battery life-time
- Retro-fitting service available for existing SCAMP model upgrades
