

Silicone Technician

The Steeper Group is a privately-owned business that was formed almost 100 years ago. Since then we have expanded across prosthetics, orthotics and assistive technology – with a focus on creating significant turning points in individuals' lives through exceptional clinical services and award-winning products.

At our London Prosthetic Centre, our service includes the option of custom high definition silicone cosmeses for upper and lower limbs. Our custom made, lifelike silicone cosmeses are created to bespoke specifications by our highly skilled technicians on-site. Careful assessment of the skin's colour and texture is carried out for each client to ensure the perfect match.

Even skin pigmentation, freckles, veins, hair and tattoos can be incorporated to give an authentic and personalised finish, whilst our unique electronic colour matching process delivers a near perfect match to individual skin shades.

We currently have an exciting vacancy for a motivated team player to join our team at the centre in Kingston as a Silicone Technician.

Joining Steeper as a Silicone Technician means you'll be part of a company which truly makes a difference to the quality of peoples' lives.

Duties/ Responsibilities

The successful candidate will have an eye for sculpting and experience in silicone sculpting. You will undertake the manufacture of silicone, cosmetic prosthesis and associated products in accordance with the specification laid down by the prosthetist and component manufacturer.

You will hand make silicone cosmeses from start to finish, adding fine details and making the silicone lifelike and ensuring that they are ready for fitting and delivery.
