Polymer Finishing Technicians

Steeper Group is a privately-owned business that was formed almost 100 years ago. Since then we have expanded across prosthetics, orthotics and assistive technology – with a focus on creating significant turning points in individuals' lives through exceptional clinical services and award-winning products.

We are a true leader in our market. From humble beginnings, we have grown to become one of the UK's largest suppliers of Orthotic, Prosthetic and Assistive Technology products. Uniquely, we combine age-old craft skills with the latest innovations in manufacturing and materials.

Steeper's vision is to create life's turning points, together. We aim to do this with innovative prosthetic, orthotic and assistive technology products and services.

We currently have 2 vacancies for motivated team players to join our company as Polymer Finishing Technicians working within our prosthetics department in Leeds.

The successful candidates will act in a professional and responsible manner, and ensure all Polymer products produced meet the appropriate standard as laid down by Q.A.

Duties/ Responsibilities:

In this role you will:

- Undertake the finishing and packing of polymer products as required, which will be produced to the appropriate Q.A. standards whilst meeting approved finish standard as agreed by sales personnel
- Develop changes to the finishing process to enhance end result (aesthetic)
- Conform at all times with the Company's Quality procedures policy
- Understand that it is the duty of all staff to be customer focused in their approach to production, paying particular attention to "On Time Delivery"
- Abide by the Company's health and safety policy while working, thus ensuring the safety of themselves and that of colleagues
- Identify and report any hazards immediately to supervisor

Tools to be used:

- Scalpel – for removing waste from ends of gloves
- Soldering iron – for repairing of PVC products
- Paint brushes – for application of nails
- Pipettes – for repairing of silicone products

These tools are not exclusive or exhaustive and you may at times be required to use other tools/instruments to carry out the finishing operations

If you feel you have the necessary attributes to be considered for the above position, to apply, please complete an application form or submit your CV.
